## ONEIDA NATION COMMUNITY MEMBERS

March 4, 2010

As you may be aware, our agreement with the Department of Human Resources and Skills Development Canada (HRSDC) expires March 31, 2010. We have received confirmation that our program will be extended for a six month period starting April 1, 2010.

This means there will be no disruption of services to our community members. As we gear up for the next agreement, there will be some changes in how we deliver programming to our membership. Once this has been determined how we will proceed, we will host a number of information sessions to inform the community how the next strategy will be delivered.

With the new agreement, Aboriginal Skills Employment and Training Strategy (ASETS), the focus will change from client centered approach to one that includes building relationships with employers.

Notices will be posted for upcoming information sessions.

Thank you  
Employment & Training Staff
